

Solomon Schechter Day School of Greater Monmouth County was established in 1979 by a small group of dedicated parents, teachers and community leaders. The school opened with 29 students; current enrollment has expanded to over 200 students ranging from nursery through eighth grade.

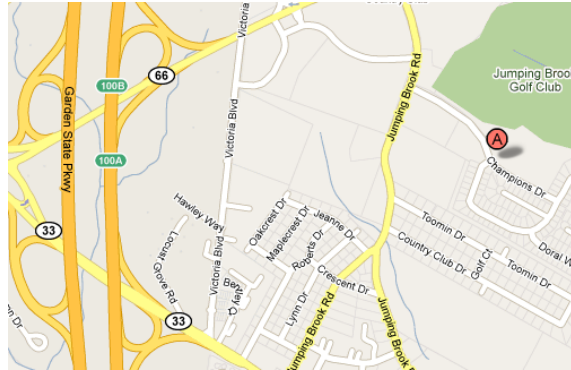

At Solomon Schechter Day School of Greater Monmouth County, children benefit from the gift of a dual curriculum in an environment which fosters academic excellence and a love of learning. With the support of community leaders and friends like you, we can continue to offer our children an outstanding education and nurture them to become the leaders of tomorrow.

Thank you for your support! We look forward to a great day of camaraderie, fun, laughter, and, of course, a good round of golf.
